Nijmegen March 2019

The Canadian Armed Forces Nijmegen March Team is sponsored by Dominion Command to allow them to visit Vimy Ridge during their time in Europe. In return the CAF has invited the participation of a Legionnaire on the team at CF expense. This letter is a call for volunteers to apply for the Legion position on the CAF Nijmegen Team for 2019.

The Nijmegen march is held annually in the Netherlands and involves marching for 4 days for approximately 40 kms per day carrying a 10 kg pack. Starting from the departure from the airport in Canada until their return home, the CAF will cover off travel, room and board for the Legion participant. There are some expenses involved for the member such as the purchase of marching boots, personal medical coverage, travel to and from the departure airport, etc...

POLICY (included on the application forms)

The parameters listed below are contained on the application form constitute the Dominion Command policy on having a Legionnaire attend the event as a representative of the Legion. They are:

- a. Must be a Legion member in good standing in the year for which he or she applies to attend;
- b. Must have the endorsement of the Branch and Command to which he or she belongs;
- c. Must be physically fit and able to perform the required preparation training;
- d. Must be acceptable by the Department of National Defence for participation;
- e. Must be able to handle own costs for medical, transport, accommodation and meals should he or she become sick or unable to participate at any time after starting the trip to Nijmegen;
- f. Must be in possession of a complete and proper Legion uniform as defined in the Ritual and Insignia manual (Chapter 1);
- g. Must wear the Legion uniform as prescribed in the general by-laws when participating in events such as wreath laying ceremonies, receptions, etc.;
- h. Must be responsible for the provision of all materials and documents required by the Department of National Defence;
- i. Must be responsible for all costs and expenses not covered by the CAF; and
- j. Must have a current up-to-date passport with at least six months remaining on it from the end of July 2018.

The Nijmegen March is a grueling 4 day affair that requires a high level of fitness which is achieved only through training. The selected candidate must ensure that they follow a training regime, starting in April that will allow them to complete the following two minimum standards prior to the Nijmegen 4-day march:

- a. March a minimum of 500 km with a 10 kg pack over the training period; and
- b. March at least two 40 km marching days on successive days.

In order to apply, Applicants must confirm they have read the above, complete the attached form, and submit through the Provincial Command office. Incomplete and late submissions will not be considered.

Dominion Command selection of the participant will be final. A list will be established mid-March 2019 to confirm the person chosen and alternates in order of selection should the member chosen be unable to attend.

PUSH-UPS

Lie flat on your stomach with your legs together, using your toes as the pivot point. With your fingers pointing forward, place your hands below your shoulders. Push up by straightening your arms until your elbows are locked, then return to the starting position (with your chest just touching the floor). Keep your body in a straight line throughout. Exhale as you push up; inhale on the way back down. Perform this motion in a continuous manner.

SIT-UPS

Lie on your back, with your knees bent at a 90-degree angle, and put your feet flat on the floor. Place your hands on the side of your head (covering your ears). Press your lower back against the floor to begin the movement, curl up and touch your elbows to your knees (count one), and then return to the starting position. Exhale as you come up; inhale on the way back down. Perform as many sit-ups as you can in 60 seconds.

AEROBIC FITNESS 2.4 KM RUN

Complete the test on a regulation running track (six laps of a 400-meter track) or over a measured flat course.
